

It's a Bargain Bin Christmas!

Song by Garrett Williamson and Scott Wozniak, Lyrics transcribed by [44nifty](#)

We got American Idol on PS2, it's \$2.99, of course it blew!
Karaoke Revolution, with no microphone; that might be fun.

DJ, Band, and Guitar Hero,
Just the games, price point zero.
Games are games, ignore the fuss!

It's a Bargain Bin Christmas!
FIFA there and everywhere,
99 cents, that's not even fair!
Skylanders, it was just a phase.
I turned these copies into a maze.
Lego Dimensions, that really exists?

I guarantee you, it was a miss.
Games that are the anti-ass,
It's a Bargain Bin Christmas!
Just take Battleborne you swine,
play it before it goes offline.

Madden '16, '17, '18, not as good as '08, pretty blatantly.

But who cares? It's at a great price,
Prices that will make anybody say "Nice!"
Gifts with some value and some class,
It's a Bargain Bin Christmas, chyeah!
